MEMORIAL MEETING AT OPERA HOUSE SUNDAY AFTERNOON

There will be a mas meeting at the Opera House, Sunday, March 9, at 2:30 p. m., to pay tribute and do honor to our boys who have given their lives for freedom's cause.

Hon. Edward O'Hara, one of the finest speakers in Kentucky, will deliver the address.

Mr. Boatright and his Community Chorus, who have served so willingly, so unselfishly and so effectively in every time of need, will render patriotic songs.

We ask the citizens of Paris to turn aside from their usual Sunday afternoon diversions to attend this meeting. We want the public of Millersburg, of Little Rock, of North Middletown, and all the other communities of Bourbon county, who have served so valiantly in every line of war work; we want the soldier boys returned from camps and overseas. We well know their feeling that ever and anon swells up in their breasts as the conclusion is forced upon them, that their sacrifices, yes, even the sacrifices made by those who gave their lives, seems not appreciated.

We want the fathers and mothers of these boys, we want all these to come together Sunday afternoon that we may have once again a whole-hearted community meeting with the old-time community spirit prevailing; a spirit which in the mad rush for pleasure and for gain is passing all too fast away.

We want, as we are gathered in this meeting, to offer up thanks that the great and awful conflict is over and our boys are being returned to us sound and well. Neither will we forget to let fall the tears of sympathy for those who sit beneath the shadow of great sorrow, a sorrow brought about because their loved ones were called upon and bravely gave their lives for us—yes, they literally gave their lives for us and ours.

Let us come together with a united purpose and singless of heart determined that this meeting itself shall be a lasting tribute to our fallen heroes, and that out of it shall grow a fitting and lasting memorial to them.

In this undertaking Bourbon county must not fail, lest she have the finger of scorn pointed at her and of her it be said: "With all her boasted patriotism, with all her glory gained from past achievements, she is guilty of the blackest sin in all sin's catalogue—the sin of ingratitude."

We urge you to come. Duty and the obligation you owe to others demand it.

REPORT OF B. P. WHITE SALE.

Good prices were obtained Wednesday at the sale of livestock, crop and implements belonging to Bev. P. White, conducted by Auctioneer Geo. D. Speakes, on the premises, on the Muir and Bryant Station pike. The attendance was good and the bidding spirited.

Sheep sold at from \$13.75 to \$20.50, shoats \$14 to \$21, sows \$50 to \$55, horses, \$75 to \$140, mules \$125 to \$150, mules in pairs \$350 to \$400, cows \$65 to \$130. Chickens brought \$1.10 to \$1.20 each and turkeys \$6 each. Corn sold at \$8.50 a barrel and about \$15,000 feet of lumber was knocked down at \$475. Farm implements brought good prices. Mr. White will locate in Lexington for the summer and this fall expects to buy a Bluegrass farm.

THE WEATHER.

After a period of comparatively warm, sunny weather, a grey pall descended on this section Tuesday, bringing heavy rains, followed by a cold wave. The mercury took a tumble in the tube, the drop reaching almost to freezing. The heavy rains raised the branches and creeks and overflowed the lowlands, though no damage was done.

For several days the weather was very springlike, more like the old-time April weather. Then like the descent of the fabled "wolf on the sheep-fold" came the sudden sharp reaction, bringing high winds, rains and cold weather.

CENTRAL UNIVERSITY AGAIN BECOMES CENTER COLLEGE

Amended articles of incorporation have been filed changing the name of Central University, of Danville, to Center College. The name was changed several years ago when Central University, of Richmond, was merged into Central College, of Danville.

IN THE SERVICE OF THEIR COUNTRY.

IN THE SERVICE.

Sergt. Carl Schrote is at home from Camp Zachary Taylor, where he has been stationed, having received his final discharge papers. He will take up his old work, that of automobile machinist. Mr. Schrote is a son of Mr. and Mrs. Wm. Schrote, of Paris.

John Scott, former porter at the Windsor Hotel, who enlisted in Uncle Sam's service, and was sent overseas, returned Tuesday, having received his honorable discharge papers at Camp Zachary Taylor. Scott was slightly wounded in a battle with the Huns near Alsace-Lorraine.

So that every man and woman who has served the Navy honorably during the war may have an official testimonial, Secretary Daniels has approved a war service certificate to be issued by commanding officers to members of the enlisted personnel of both the regular force and the naval reserve.

Mr. and Mrs. R. M. Arnold, of near Hutchison, have received a letter from their son, Stephen T. Arnold, who is at present in the Casualty Company of the Eightieth Division, in France. This is the first news the parents have received from son since November, and he writes that he has received no letters at all from home.

All men who are discharged from the national army for the purpose of re-enlisting in the regular army will be granted furloughs for 30 days, according to a War Department circular.

If soldiers desire the furlough, commanding officers are authorized to grant them, which must begin to take effect within 30 days of the date of re-enlistment. Recruiting officers are instructed to refuse re-enlistment of men suffering from venereal diseases.

Thomas R. Elder, son of Mr. F. S. Elder, of Paris, writes a post card from Conflans, where he is stationed as a member of the American Expeditionary Forces, to a member of THE NEWS staff, as follows: "Hello, partner, how is every little thing in the city of Paris, Kentucky, U. S. A.? Lively as ever, I suppose? We have a lively Paris over here, they say, but I haven't had a chance to see the city as yet. Wallace Hibler, Sticks Gorey and myself are all well, and are as fat as hogs. I don't know when we will be home, but some time in the summer, I sincerely hope." The reverse side of the postal card shows an excellent photo view of the Cathedral at Metz, which was badly damaged by the Germans.

Relatives in this city of Private Martin Glenn, formerly of Paris, have received copies of the following letter, which was sent to Mrs. Martin Glenn, of Lockland, O., by the War Department.

"Headquarters Thirty-Second Division, American Expeditionary Forces.

"Rengsdorf, Germany.

"January 26, 1919.

"Your letter of December 11 to Major General Dickman, has been given to me for investigation.

"The records of the 32d Division show that Private Martin Glenn, Company K, 127th Infantry, was wounded in the shoulder by a machine gun bullet, near Bantheville, north of Verdun, on or about October 16, 1918. Private Glenn's company was attacking at the time. Private Glenn was carried to a shell hole where his wound was dressed; subsequently his company was forced to retire from the position to which they had advanced. Three men volunteered to carry Glenn back to safety, but all three were themselves wounded by machine guns in attempting to do so.

"Later in the day when Company K again advanced and regained the ground where Private Glenn had fallen, no trace of this soldier could be found. It is believed that he may have been taken prisoner by the Germans. If he died he was taken back and buried by the Germans, as no trace of his grave could be found in the vicinity of the shell hole where he was last seen. No member of his company has heard from him up to the present time, and he is still being carried on the records as missing in action.

"Inquiry has been made of the Graves Registration Service as to any record they may have in this case. They have the means of recording information in reply to this inquiry is received, you will be promptly notified.

"Inquiry also has been made of the Central Records office which would have record of Private Glenn if he is still alive. You will be notified as soon as an answer to our inquiry of this date is received.

"CARL HANTON,
"Captain, Infantry, U. S. A., Secretary General Staff."

PRESIDENT LEAVES ON SECOND TRIP TO FRANCE

President Wilson sailed Wednesday on his second voyage to France determined, as he said in his Metropolitan Opera House speech, at New York, Tuesday night, not to "come back 'till its over, over there."

The transport George Washington bearing the Presidential party left the Hoboken, N. J., pier at 8:15 a. m.

The chief executive's departure was marked by a simplicity which contrasted with the noisy demonstration given him when the George Washington carried Mr. Wilson from American waters on his first journey to Paris last December.

There was only a small crowd of persons assembled at the army transport pier. To these the President, hat in hand, with Mrs. Wilson, waved farewell greetings as the George Washington swung out into the lower Hudson River, while the band on the transport, Great Northern, played "The Star Spangled Banner."

Standing on the bridge, the President and his wife saw the American flag raised on the staff at the stern and heard the booming of the Presidential salute of twenty-one guns, as the transport turned her nose toward the Statue of Liberty and the escort of destroyers got under way ahead.

The George Washington passed quarantine at 9:10 a. m. and was saluted by twenty-one guns by the U. S. S. Amphitrite and by wireless blown by all the steam craft in the lower bay.

The George Washington has been newly equipped with a long-range wireless outfit, which will enable the President to keep in constant communication throughout the voyage.

The Presidential steamer was escorted to sea by many seaplanes and a dirigible, from which pictures were taken.

The armored cruiser Montana will escort her across the Atlantic, with the destroyers which accompanied the steamer from New York going only part of the way.

COUNCIL HOLDS SPECIAL MEETINGS.

A special meeting of the Paris City Council was held Tuesday night, in response to a call issued by Mayor E. B. January. The meeting was called for the purpose of taking action for filling vacancies in the Paris Fire Department, caused by the recent resignations of Fire Chief Ullman Lancaster, Fireman Edward Myers and James Dockenbrod.

A large crowd gathered in the Council Chamber expecting a lively or sensational time, but the session was a comparatively short one, and there was very little doing. No action was taken at that meeting looking to the appointment or election of successors to the resigned firemen.

At the meeting Judge Denis Dundon, City Attorney, at the instance of the Fire Committee, read an ordinance which he had prepared, fixing the duties of the firemen and the salaries they were to be paid. This was passed up to Mayor January, who made the ruling that ordinances could not be passed at a special meeting of the Council unless plainly specified in the call. This decision was afterward approved by the Mayor, who then called for the election of a chief for the fire department. Councilman Kiser placed the name of V. B. McGoldrick, now in the army service of the United States, who, it is understood, has re-enlisted for a term of years, in nomination. A vote on the nomination resulted in failure of confirmation by four to three.

The second episode of the Councilmanic thriller was shown last night to a large audience in the Council chamber. It had been strongly censored and many were disappointed. The story was as follows: Synopsis of previous episode—Mayor calls special meeting for election of new firemen. Veatch offers resolution to increase salaries. With a resounding blow of the mallet, Mayor declares it out of order. Minority nominates McGoldrick for Chief. Majority votes against nomination. Another whack of mallet and Council adjourns.

EPISODE TWO.
Mayor calls special meeting. Mayor makes speech before opening session saying he was being talked about. Clerk reads call for meeting. Majority nominates Ullman Lancaster for Chief and Ed. Myers and James Dockenbrod for firemen to serve until next meeting of council. Nominations approved by vote of 6 to 1. Another mallet demonstration and adjournment.

Third episode next Thursday night.

REAL ESTATE TRANSACTIONS.

Through the Walter Clark real estate agency, Mr. Howard W. Mann, Assistant Cashier of the First National Bank, has sold his attractive cottage on Cypress street, to Mr. and Mrs. Wm. Kiser, of Paris, for \$4,500. Possession will be given next month.

Mrs. W. H. Anderson has sold her one-story frame cottage on High street, adjoining the property of Mrs. Camilla Wilson, to Mr. Ossian Edwards at a private price. It is said that Mr. Edwards bought the property for his daughter, Mrs. Clyde Keller, who will move to the property.

Charles and Everett Rector, of Bourbon county, near Jacksonville, bought at public sale the farm of 218 acres, near Walton, Ky., and sold by D. B. Wallace & Co., at Walton, Saturday. The price was around \$25,000. The farm is well improved, two-story dwelling, two large barns, dairy equipment, silo, tenant house, etc.

Auctioneer M. F. Kenney sold Tuesday at the court house door in Paris, for Mr. J. Hal Woodford, agent for the heirs of W. B. Woodford, the farm of 627 acres, located on the Spears Mill pike, about five miles from Paris, to the heirs of Wm. B. Woodford for \$240 an acre. Auctioneer Kenney also sold a tract of 76 acres of unimproved land, located on the Winchester pike, near Paris, to J. Frank Clay, for \$227 an acre.

Mr. and Mrs. Harry Mitchell sold recently through Harris & Speakes, their two-story frame residence at 1549 Cypress street, for \$7,500. The purchaser was Mr. Luther K. Rice, of near Paris, who made the deal for his mother, Mrs. Katie Rice, of North Middletown. Mrs. Rice and her daughter will move to Paris about March 15, when they will get possession of the property. Mrs. Rice will sell her North Middletown property at public sale. See the big display ad in this issue of THE NEWS.

The two-story brick business houses, one at the corner of Main and Sixth streets, occupied by the Farmers & Traders Bank, and the one adjoining, occupied by the D. Feld Shoe Store, were sold to Mr. Feld this week for the reported price of \$14,000. The property belonged to Mrs. Wm. Clarke, of Paris, and Dr. Henry Schwartz, of Columbus, Ohio, grandchildren of the late Mr. and Mrs. Jacob Schwartz.

These houses were originally built by the late Mr. W. A. Hill, and used by him for many years as a monumental works and warehouses. Mr. Hill sold the place and bought the property now occupied by the Margolen meat market, in which he continued his business to the time of his death.

Mr. Feld also bought the two one-story brick cottages in the rear of the Main street property, these being included in the sale price.

MASS MEETING AT OPERA HOUSE SUNDAY.

A mass meeting will be held Sunday afternoon at the Grand Opera House in the interest of the Bourbon County Soldiers Memorial Fund. Mr. Edward O'Hara, a noted Kentucky orator, and a relative of the famous soldier-poet, Theodore O'Hara, will make the principal address on this occasion. Capt. Robt. Harbison and his sister, Miss Mary Dan Harbison, will sing and patriotic airs will be rendered by the Grand Opera House Orchestra and the Liberty Chorus.

The committee in charge has finally fixed upon \$10,000 as the amount to be raised for building the memorial, and urge the people to attend this mass-meeting Sunday afternoon, so they may become acquainted with all the details. Bourbon county's honored dead in the great world war now numbers twelve and their memory is to be perpetuated in an appropriate memorial, the exact form of which will be determined probably at this meeting.

CONGRESSMAN HARVEY HELM DIES IN THE SOUTH.

Congressman Harvey Helm, of Stanford, who had been re-elected from the Eighth District six times, died suddenly at Columbus, Miss., where he had gone to look after a plantation which he recently purchased. Mr. Helm had announced several weeks ago that the next term in Congress would be his last, as he had decided to retire from public life and remove to his Mississippi plantation. The announcement of his death was a shock. None of his Kentucky friends knew he was sick.

EDITORIAL MUSINGS.

Regarding Arguments

Two persons who are thrown to-
gether frequently are pretty sure to
discover that on some subjects hold
different opinions. Whether those
subjects are of vital importance or
not, the difference in opinion is lia-
ble to lead to controversy. Indeed,
it sometimes seems that the more in-
significant the subject the more bitter
the controversy that will rage
over it.

No one really enjoys controversy.
Many people enjoy half a controversy
—their own half. They get restless
and impatient and often angry dur-
ing the other half, and invariably the
bitterness that springs from a
controversy overshadows the tempo-
rary pleasure that each participant
derives from it. Since that is the
case, why are people so foolish as
ever to take part in controversy?

Of course the impelling motive is
akin to that which urges a man to
defend his firm convictions when
they are attacked. To most people
their opinions and even their prej-
udices are as dear as their principles;
and they regard it as cowardly to
keep silent when some one expresses
contrary opinions. The mere ex-
pression of inharmonious views need
not result in controversy, but it
usually does. A man who finds that
his companion does not share his
strong opinions or determined prej-
udices is often not satisfied with cling-
ing to them in silence; he will usu-
ally seek to impress them on the per-
son who disagrees with him. Once
embarked upon controversy, a pair
who at other times may be ami-

able and quiet will give way to tem-
per, raise their voices and adopt a
tone of sneering sarcasm. Most per-
sons who thus misconduct themselves
repent afterwards and regret even
half of the controversy that for the
time being they enjoyed. They sus-
pect that their opponents think less
of them and care less for them than
before. Perhaps the offense is mutu-
al—split, in the language of the
day, fifty-fifty; that means perhaps
that the friendship cools on both
sides.

"Preparing Women For Citizenship"

That remarkable writer, Mrs.
Helen Ring Robinson, who was the
first woman ever elected to a State
Senate, says in her new book, "Pre-
paring Women for Citizenship," that
there are "three things the new wo-
man voter must do if she wishes to
be helpful to what has been aptly
called the 'wholesale housekeeping'
of her community, whether that com-
munity is a little wind-swept village
of the plains or a big smoky city.
First—She must open her eyes—and
then, it may be, get eye-glasses.
Second—She must become unanimous
with herself. Third—She must be-
come a stockholder in a Powder
Company." In vivid phrases Mrs.
Robinson enlarges on these
necessities of good citizenships. "It
is what we do between elections that
really counts," she declares. "The
vote is merely a condition for getting
other things that are more essential,"
is another one of her epigrammatic
philosophies. This book makes an
appeal for the "steady mood of good
citizenship," and the belief is ex-
pressed by the author that it is a
mistaken theory of womankind that
"her country is bounded by a wed-
ding ring." "Where do we go from
here?" is the name of a chapter of
the book. The volume has so much
"pep" that Mrs. Catt is led to com-
ment: "No one can write more force-
fully and literally, hitting the nail
right on the head with an awful
clip, than Helen Ring Robinson." In
her book Mrs. Robinson has not om-
itted any of the logical demands to
be claimed for women. It may be
said that she evidences a thorough
grasp of the whole feminist question,
and is content to leave to men their
proper sphere in the affairs of hu-
manity, but she is jealous of the hun-
dred per cent. of rights to which her
own sex is entitled.

Women At Work.

It is estimated that there are no
less than twelve million women
gainfully employed in the United
States. For fifty years American in-
dustry has been calling for the help
of women—and women have respond-
ed. Even in the South, women have
overcome their prejudices, and while
the white men of that region have
been getting into overalls, the wo-
men have tired of "being ladies" and
tens of thousands of them are add-
ing dignity to industrial employ-
ment.

In Cleveland, Ohio, the street car
conductors have made a demand for
the dismissal of the women conduc-
tors, and this lead has been taken
up in other lines of employment, par-
ticularly in cases where there is trade
antagonism to women. The claim is
put forth that "patriotic women"
who entered industry during the war
should now return to their kitchens.
To this demand the women return
sardonic smiles. They insist—and
they have plenty of supporters to
their claim—that their services as
"conductorettes" give better satisfac-
tion to the public than is obtained
in the employment of men.

The women of to-day are sure that
there is no argument that can be
made against their claims that in the
world of typewriters, telephones, ste-
nography, adding machines, filing
cabinets and similar devices, that
their sex is supreme. They likewise
contend that in a great many of the
new occupations to which they were
called by the war, that they have
shown a superior fitness; and in
proof of this claim they point to in-
creased production in institutions
where a given number of men were
supplanted by an equal number of
women.

The Newspapers.

The newspaper is to-day the most
potent element in civilization. Its
audience is practically unlimited. It
reaches every class of people. It
penetrates to every hut and hovel on
the farthest confines of human soci-
ety. The schools have an influence
and gather the children of the high
and low. But after schools are out-
grown, teachers forgotten, and books
mouldy and dusty, the newspaper is
still a constant companion.

No public preacher, be he preacher
or political orator, can draw an au-
dience of one-tenth that which greets
the average newspaper of to-day, and
thus the tone of the press becomes a
matter of vital importance to the
welfare of the community. The in-
fluence is widespread and is also last-
ing. Therefore, we say, study well
the contents of the paper you are
taking and if it contains that which
tends to lower the scale of morality
and humanity and not to the eleva-
tion of that which is good and right,
better off are you by far without it.

It may be, of course, that Presi-
dent Wilson is beginning to think
that Congress has in his absence re-
solved itself into a league of nul-
lances.

The Red Cross in France is con-
stantly translating letters between
the men in the A. E. F. and the
French orphans they have "adopted."

You never can tell. It may be pos-
sible to help a man most by keeping
out of the way.

A TRIUMPH OF TRUTH.

Not the least by any means of the
triumphs of America's participa-
tion in the world war was the tri-
umph of truth. The triumph of open
handed American policies pitted
against scheming and spying and
subterfuge of Prussianism.

Germany, for years, had maintain-
ed a system of insidious propaganda,
not only throughout all Europe but
in America. She had sought to poi-
son the minds of all the peoples of
earth, nation by nation, the one
against the other.

Money had flowed like water
through her subterranean channels
of misinformation. Cost was count-
ed least. Results were always held
paramount, whether attained by fair
means or foul. Deceit, deception,
lies, misrepresentation, were her
stock in trade.

And in the end they failed her to
the last one.

Forty years of planning, careful,
secretive, thorough to the last letter
of efficiency, preceded her throwing
down of the gage of battle. Noth-
ing had been overlooked that made
for her quick and decisive victory.

Save for sturdy little Belgium at
the outset, and the predominant
strength of Uncle Sam at the last
moment, another story might have
been told.

To-day Germany stands branded
before the world as the epitome of
all that was possible in the way of
treachery. All that was conceivable
in the way of atrocity. All that was
hateful and vile in the way of out-
rage and pillage. All that an honor-
able, self-respecting nation could
not possibly be.

And Uncle Sam is recognized by
the world at large as the apostle of
justice and right, the champion of
freedom and liberty; the incarnation
of truth always open and above
board, the defender of the ideals of
humanity, the savior of democracy.

His voice in the world's councils
commands universal respect.

We simply dare not fall short of
his world position. We must hold
up his hands to the last gasp. We
must support him to the last dollars.
We must vindicate his world's es-
teem.

We must make this last Victory-
Liberty Loan a tremendous success.

Failure to do so means eternal
shame for us, individually, before the
world.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gillad,
Ohio: "The editor had an interesting
experience some time ago, when a
young gentleman came to this office
and asked for a copy of the Morrow
County Republican. He scrutinized it
it carefully when a copy was handed
him, and then said: 'Now I know!'
'What is it you are looking for,' we
inquired. 'My wife sent me after a
bottle of Chamberlain's Cough Rem-
edy, and I forgot the name. I went to
several stores and the clerks named
over everything in the line on the
shelf except 'Chamberlain's' I'll try
again, and I'll never go home with-
out Chamberlain's Cough Remedy.'
The Republican would suggest to the
proprietors of stores, that they post
their clerks, and never let them sub-
stitute. Customers lose faith in stores
where substituting is permitted, to
say nothing of the injustice to mak-
ers of good goods and the disap-
pointment of customers. (adv)mar

BAD TASTE IN YOUR MOUTH.

When you have a bad taste in your
mouth you may know your digestion
is faulty. A dose of Chamberlain's
Tablets will usually correct the dis-
order. They also will cause a gentle
movement of the bowels. You will
find this to be one of the best medi-
cines you have ever become acquaint-
ed with. (adv)mar

EATS MEATS AND POTATOES NOW

Woman Couldn't Eat Because of Bad
Stomach Until Meri-
tone Came.

"My stomach was so out of order
before I started taking Meritone that
I couldn't eat a thing much, but now
I can eat a big meal of sausage and
fried potatoes and biscuits and enjoy
it," said Mrs. Ava Moore, of 710
Twenty-seventh avenue, north, Nash-
ville.

"My appetite was mighty poor and
I guess my system was just run
down all over," Mrs. Moore contin-
ued.

"The best way to tell you how I've
improved since taking Meritone is
just to say that I feel like an abso-
lutely new woman now.

"I can't describe how good it
seems to be able to go to bed at night
and sleep soundly and then wake up
in the morning feeling fine and ready
for breakfast.

"I know Meritone has made me into
a new woman and has helped me so
much that I want others to know
about it."

Meritone is the compound of a
trained chemist who spent years to
bring it to perfection and is excellent
for stomach, liver or kidney trouble,
catarrh, rheumatism and the like, or
for building up new strength.

Meritone is sold exclusively in
Paris by Geo. S. Varden & Son.

THE ADMINISTRATION WHEAT GUARANTEE BILL COMPLETED

WASHINGTON, March 6.—The Administration wheat guarantee bill was completed Monday night with adoption of the conference report by the House. It now is ready for President Wilson's signature. The measure appropriate \$1,000,000 as a revolving fund for the purchase of wheat and authorizes the President to create an agency or agencies for purchase of the 1919 crop at the guaranteed price of \$2.26 a bushel and to repossess in the agency or agencies the authority to control all commerce in wheat and wheat products.

An amendment offered by Senators from the cotton states reducing the number of grades on cotton deliverable on future contracts from 20 to 10 was retained in the bill.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local treatment, pronounced incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One hundred dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Down and Out—But His Tongue Still Wags

THE HUN is still able to whisper. One of his favorite subjects is Liberty Bonds.

The bonds are absolutely the best secured in the world so he dare not attack them openly.

He whispers to you to sell them, hoping to demoralize the market. And he has about as much chance of doing this as he had of winning the war. It is characteristic Hun stupidity.

Every time you are approached to sell your Liberty Bond or to trade it for stock in some unknown and unestablished project, remember it is the voice of the Hun speaking.

Then take another grip on your Liberty Bonds and hold tight. Keep those you have and be ready to buy more when the Victory Liberty Loan is offered for sale in April.

A Miser, A Woman And Two Stars---

A miser, born in a land afar, Who'd gained a fortune over here, Where Liberty is the guiding star, Looked up from his gold with a bitter leer.

"I got it by pinching and going with-out; They call me greedy; I am," said he. The Nation's call to lend I flout. For bonds they'll get no gold from me."

A woman gazed on a star of gold. She'd given all she had to give, And sacrificed to lend, 'twas told, That Liberty and Land might live. "And I'll lend again and again," she said.

"To help to remedy war's ills, "And to keep true faith with our hero dead By helping pay our war-time bills."

Liberty Loan Levity

Just a half-wit, they called Barber Blaney. Barber knew, though, some day would be rainy. So he shaved and he shaved. And he saved and he saved—And bought bonds. Now they call Blaney brainy.

SIGNALS OF DISTRESS

Paris People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress. The secretions may be dark, contain sediment. Passages are sometimes frequent, scanty, painful.

Backache is often present day and night. Headaches and dizzy spells may occur. Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy. Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Paris evidence proves their worth. Chas. Stewart, tinmith, Lilleston avenue, says: "I have had three or four attacks of lumbago in the past few years, and the first being the worst. There was a constant, dull ache in my back all the time and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I tried different remedies with no results. I heard of Doan's Kidney Pills and procured them from the Ardery Drug Co. The first box helped me and I continued taking them until cured. Attacks since then have always been slight. Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

HOW DOCTORS TREAT COLDS AND THE FLU

First Step In Treatment Is a Brisk Purgative With Calotabs, the New Nauseless

Doctors have found by experience that no medicine for cold and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess Calomel called Calotabs, which is free from the sickening, weakening, and salivating effects of the old style calomel. Doctors also point out the fact that an active liver goes a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your liver is active, your system is purged, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful. (adv)

CLOCKS WILL TURN BACK LAST SUNDAY IN MARCH.

Failure of Congress before final adjournment to take any action on pending bills providing for repeal of the daylight saving act made certain that the nation's clocks will again be advanced one hour during the period between the last Sunday in March and the last Sunday in October.

Opposition of farming interests to the daylight saving act on the grounds that it was of no benefit to the people of rural communities led to the introduction of several bills providing for its repeal, but all of them failed.

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling puller and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

FISCAL COURT PROCEEDINGS.

The March term of the Bourbon Fiscal Court convened in the County Court room in the court house yesterday. Judge George Batterton presided, with the following Magistrates present: Thomason, Burris, Talbott, Stephenson, Wiggins, Shropshire and Turner.

The report of County Road Engineer Ben F. Bedford for the month of February was read, received and filed.

A large number of claims against the county were allowed and ordered paid.

Ordered that County Treasurer S. E. Bedford borrow the sum of \$4,000 from the Hamilton Fund for use of the Turnpike Fund, and execute his note for same, payable January 1, 1920, to bear six per cent. interest from date until paid.

The committee appointed to settle with the Sheriff and County Treasurer reported that said settlement had been made, and submitted same, which were accepted and approved by the Court.

Mrs. Harriet P. Minaker, Visiting Nurse for the Bourbon County Health and Welfare League, filed her report for the year 1918, which was approved and filed.

The bid of the Brandeis Machinery & Supply Co. for furnishing the county with rock crusher, compressor, air receiver and motor was accepted by the Court.

BOOTLEGGER HELD OVER TO GRAND JURY.

In Millersburg last Sunday Chief of Police Linville raided a house belonging to Joe Taylor, colored, on suspicion of his having liquor in his possession for purposes of sale in local option territory. In the house the Chief found three quarts of whisky, an assortment of dice, seven decks of playing cards, all adjacent to or close in the vicinity of a pile of money in nickles and dimes amounting to three dollars in hard money. There were evidences that the room had lately been used for other purposes than for conducting a Billy Sunday meeting, but Chief Linville had no authority to take Taylor on any other charge.

Taylor was given a hearing in the County Court yesterday before County Judge George Batterton on a charge of bootlegging, and the evidence proving convincing, Judge Batterton held him over to the March term of the Bourbon Circuit Court in the sum of \$300. Failing to furnish this Taylor was sent to jail to await investigation of his case by the grand jury. This was Taylor's second offense.

METHODIST CENTENARY AN IMPORTANT MOVEMENT

The Great Missionary Centenary program of the Methodist Church which is commanding the attention of the religious world is rapidly gaining momentum as the time draws near for the raising of millions of dollars in an eight day drive.

The organization in the local church is fast crystallizing. Sunday morning, Rev. G. R. Combs, nominated Mr. Dennis V. Snapp, as Chairman of the Minute men, who in turn will select laymen and laywomen to present the Centenary at all church services from now until the campaign closes on April 22. It is estimated that there will be over 50,000 laymen speaking on this subject every Sunday in the Southern Methodist Churches.

The following men will make three-minute talks this week at the various services of the church:

To-night, Feb. 5—Prayer Meeting—Mr. N. H. Eckler.
Sunday, Feb. 9—Sunday School—Mr. Raymond Ingels.
Sunday, Feb. 9—Morning Worship—Mr. H. A. Power.

Never before in the history of a religious denomination has there been known such unity as is back of the Missionary Centenary with its financial goal of \$35,000,000. From the very outset the need and the amount have never been challenged except upward.

In view of the fact that so much money had been raised in the United States for war purposes, and more to be raised, the Centenary leaders wrote President as to the advisability of launching this great campaign for missions. The President in part replied: "I entirely agree with you in regard to the missionary work. I think it would be a real misfortune of lasting consequence, if the missionary program for the work should be interrupted."

The amount to be raised by the Paris Methodist Church has not yet been allotted.

CONTRIBUTORS TO WAR DRIVES NOT TAXED.

Contributions which may be deducted in computing the net income of an individual taxpayer include not only donations to incorporated institutions which are not incorporated, Collector of Internal Revenue Elwood Hamilton said. Contributions to War Chest funds, War Camp Community funds, and similar funds which were raised solely for organizations supporting and furthering war relief, are likewise deductible items on personal returns, within the limit named in the law.

All gifts and deductions to churches are deductible, it being held by the bureau that every church constitutes a religious corporation or association for the purpose of this deduction. Donations to missionary funds,

church building funds, or for church activities, which are intended for the furtherance of church work, constitute deductible items.

There can be no departure from the restrictions defined in the law, that the deductibility is limited to contributions to institutions no part of the earnings of which inures to the benefit of any private stockholder or individual and that the total deduction may not exceed 15 per cent of the taxpayer's net income as computed without the benefit of this deduction.

Another good thing about the present style is that an awkward man cannot step on a lady's skirt, unless he walks in her lap.

CHEAPER BUTTER MUST AWAIT SPRING GRASS.

A prominent Paris grocer, one whose business in the course of a year, deals largely with country produce, was asked yesterday by THE NEWS man if there was a prospect of butter, that desirable table food, becoming cheaper soon. He replied:

"Well, it seems to me, from what I can gather, that the prospects of an early decline in the price of butter to a point where it will revert from its present status of practically a table luxury, to that of a not unexpected sight at meals, depends upon the coming of spring with its grassy fields. An average price of fifty-five cents per pounds for butter fat paid by the butter manufacturers, with the retail price of butter about sixty-seven cents per pound, and milk costing about twenty cents per quart, compels the dealers to look to the by-products for profits, they tell me. The cost of feeding cattle will be reduced by spring, and a return to the normal price is expected when the grassy pasture lands lower the present 'high cost of living' of the cows."

BETTER PACKING CAMPAIGN PROGRESSING STEADILY

The effort being made throughout the country to induce express shippers to pack their goods more substantially, is making rapid progress, according to a statement made today by Agent Collier, at a meeting of the local express forces, under the direction of the Better Service Campaign Committee.

The business men and commercial bodies of this city are giving their co-operation in the movement, by examining and improving the methods of their shipping departments, the the local representatives of the American Railway Express Company stated. A marked improvement in the appearance and condition of shipments turned over to the service has been noticeable, and the express agent expects a decided reduction in the number of shipments sent to "No Mark" bureaus, which are the "dead letter" offices of the express business.

SCHOLARSHIP NAMED FOR CAPT. REUBEN HUTCHCRAFT

Miss Sallie Ashbrook, of Cynthiana, has endowed a named perpetual scholarship in Transylvania College in memory of Captain Reuben Brent Hutchcraft, Jr., of Paris, who fell in action on the western front, November 6. Capt. Hutchcraft was an alumnus of Transylvania, and made one of the best records for scholarship in the recent history of the college, being equally capable in such subjects as mathematics, philosophy, English and foreign languages.

It will be recalled that Captain Hutchcraft fell while leading his men beyond Chermery on the road to Sedan. Throughout his military career, as in civil life, he exhibited the finest qualities of heroism, and the scholarship endowed by Miss Ashbrook is considered a symbol of his devotion to the highest form of service.

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

NOTICE FROM BUREAU OF INTERNAL REVENUE.

"While the Bureau of Internal Revenue is sending to every county in the United States experts to aid in the making out of income tax returns, it is not to be supposed that these officers are to relieve taxpayers altogether of their duty in this respect," said Collector of Internal

Revenue Hamilton. "Many persons, without even taking the trouble to glance over the forms, hand them to the revenue officers expecting them to make out the complete return. This necessitates a number of questions as to which they may be in self can answer, such as 'Were you in 1918 married and living with wife or husband?'"

"Taxpayers are urged to read carefully the instructions and fill in the forms to the best of their ability, leaving to the experts only such questions as to which they may be in doubt."

"On each form is printed the following: 'If you need assistance go to a deputy collector or to the collector's, but first read instructions and fill out this sheet in pencil as well as you can.'"

"By heeding this advice taxpayers will save themselves and the Government much time and trouble."

CONGRESS DEBATES LEAGUE OF NATIONS.

WASHINGTON, March 6.—After Senator Sherman, of Illinois, Republican, had delivered an address in the Senate Monday sharply attacking the League of Nations and President Wilson, Senator McCumber, of North Dakota, a Republican member of the Foreign Relations Committee, took the floor and urged that the United States become a party to a league for preserving world peace.

Senator McCumber urged amendment of the league of charter so that there could be no possibility of any surrender of American sovereignty or the Monroe Doctrine. The Senator explored some recent criticisms by Republican Senators, declaring many of the arguments were "far fetched." Senator McCumber said he had not intended to discuss the league, but that because of recent addresses by Republican Senators he feared the country "might be misled into the idea" that all Republicans are opposed to a league of any character. Some Republican Senators, he conceded, are opposed to any world agreement.

Depicting the horrors of war, Senator McCumber added: "I cannot stand back and say, 'Oh, let the world be damned; we can take care of ourselves.'"

"There is some obligation resting on the American people to help maintain the peace of the world."

Referring to the recent attack on the league by Senator Poindexter, of Washington, Republican, Mr. McCumber said the Washington Senator proclaimed, "Mind our own business" as the American doctrine.

Senator McCumber criticized those opponents of the proposed league charter who have advanced no substitute plan. Stating that Senators Lodge and Knox had proposed substitutes, he added:

"Others have simply attacked without giving the President or our commissioners in Europe the slightest idea of what should be done to maintain the peace of the world."

Granting that the proposed league constitution was not perfect, Mr. McCumber said he believed that the American representatives could and would secure amendments.

Denying statements of other Republicans that the Executive Council of the league would have authority to say which nations should declare war and which should not, Senator McCumber said that the council would do nothing but advise in that respect, the questions going back to the nations affected.

Vigorously denying that the constitution required the submission of internal questions for arbitration, Senator McCumber said, "one must be prejudiced indeed to draw a conclusion of that character."

Reading from a printed copy of the constitution the North Dakota Senator said opponents of the constitution had omitted to say that provision was made for submission of such questions to "arbitration or inquiry" and added that there could be no doubt that the right of each nation to settle its own internal affairs would remain.

Replying to Senator Jones, of Washington, Senator McCumber said that under the proposed constitution the question of excluding Japanese laborers from Government work would not be a matter for arbitration, but might be one of the many things which could be submitted to inquiry.

Discussing the dinner given by President Wilson to the Congressional Foreign Relation Committee, Senator McCumber said "that nothing could have been more fair than President Wilson's presentation of the case. He answered every question fairly and justly. Any assault that has been made upon him by Senators seems to me entirely unfounded."

Denying that the President had said the United States must help Great Britain if Ireland rebelled after the League of Nations was founded, Senator McCumber declared that what the President did say was that if any of the British dominions sought independence the matter would be considered a domestic one not subject to the jurisdiction of the league.

"Because the committees were treated with absolute fairness," said the Senator, "we ought to treat our host the same way."

GEN. BENNETT YOUNG'S WILL IS PROBATED

LOUISVILLE, KY., March 6.—Personal property valued at \$150,000 and realty valued at \$60,000 was devised by the will of General Bennett H. Young, probated in the County Court.

Outside of a few bequests he left his estate to his wife, Mrs. Eliza Sharp Young, and his daughter, Miss Eliza Bennett Young, in equal shares. He provided that the property be divided at once and that half of the daughter's share be held in trust until she becomes of age and the other half paid her at the age of 30.

General Young's law library is left to Sam Tate, who was associated with him in the practice of law. A bequest of \$100 was made to

GOVERNMENT TO DO SOME ROAD BUILDING.

WASHINGTON, March 6.—Approximately half a billion dollars will be spent on highway construction during the coming season, giving employment to 100,000 men, according to an estimate by the Department of Agriculture, based on known Federal funds available and a survey of the state and municipal funds made at a conference to-day between Secretary Huston and Representatives of the highway departments of twenty-seven states.

Complaint was made that existing freight rates on road building materials and supplies were a serious impediment to full resumption of work accompanied by Clarence Ousley, assistant to Mr. Huston, representatives of the conference laid their request for lower charges before railroad administration officials. They were promised a decision within ten days.

Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

Swift & Company, U. S. A.

The comedian on the stage may never get a laugh, but it is still possible for the audience to go out between acts for a smile.

If the League of Nations will promise to repeal the bone dry law, there'll be no trouble about signing up.

Bone dry prohibition by law is bad enough, but abstinence enforced by purse and high prices is the "most unkindest of all."

The President smiles on everything and everybody, except Senator Chamberlain, and so far as we know, Senator Chamberlain may be proud of it.

VICTORY LOAN WILL BE SOLD TO PUBLIC JUST AS OTHER ISSUES WERE

RUMORS THAT BANKS WERE TO BE CALLED ON TO TAKE FIFTH LOAN CORRECTED BY SECRETARY GLASS.

RUMORS and unauthorized statements which have been spread abroad over the country to the effect that there was to be no Fifth Liberty Loan have been brought to the attention of Secretary of the Treasury, Glass. The secretary reiterates his statements—

That there will be a Fifth Liberty Loan;

That it will be a popular one—sold to the people;

That there is no idea on the part of the government to sell the bonds to the banks;

That the Fifth Liberty Loan will be floated this Spring, undoubtedly beginning in the latter part of April.

The financial heads of the government are perfecting the plans for an issue that will meet the requirements of the time and the Central Liberty Loan committee of the Fourth Federal Reserve district at Cleveland is well along in the task of laying a foundation for a campaign which will outdo in intensity any of the four preceding campaigns.

Stories emanating from Washington and discussing the preliminary plans of legislators may have a tendency to befog the reader. It must be remembered that these stories are speculation, merely reflecting the mind-workings of the men who will ultimately have to narrow down to some one procedure. Enough has already been definitely settled to permit the secretary of the treasury to make the statements above and to emphasize them.

To further emphasize the fact that there will be a Fifth Victory loan and to correct the impression which has erroneously been circulated that the banks would have to take the loan, Governor E. R. Fancher of the Federal Reserve Bank of Cleveland recently sent word to all of the Liberty Loan workers in the district calling upon them to correct these false impressions.

John W. Hughes.

Every aid of their offices and field forces is being given freely to the public.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

INCOME TAX PAYS FOR PUBLIC BENEFITS.

"Viewed in its largest and truest sense, the payment of taxes is payment for benefits received or expected. Only from a narrow and essentially selfish and shortsighted viewpoint can the individual propose to himself the evasion of tax liability as a desirable course of action."

—Daniel C. Roper, Commissioner of Internal Revenue.

KELLER.

—The daily papers of yesterday bore information of the death in New York City of Mr. John W. Keller, one of the most prominent political and newspaper men of that city.

Mr. Keller was a native of this county, having been born near Shawhan in 1856. He attended the county schools, then came to Paris, where he completed his preparatory work in the public school of that time. From there he went to the old University in Lexington, and then to Yale, where he graduated with high honors. Mr. Keller emigrated when still a comparatively young man, to New York, where he soon became identified with newspaper work. He was for many years one of the editorial writers on the New York Tribune and other New York papers, and became noted as one of the foremost dramatic critics of the Metropolis. Going in for politics he became a power, and in 1889 and 1900 became president of the National Democratic Club, succeeding Perry Belmont. He was elected Commissioner of Charities of New York, and afterward filled many other responsible official positions.

Mr. Keller always had a warm spot in his heart for his old friends back in Bourbon county, and was always glad to greet them, even in his busiest moments. In one of the Presidential campaigns several years ago he

spoke at the Paris court house to an audience that filled the big court room from door to door, and was afterward guest of the citizens of Paris at a dining in which nearly all the prominent business men of Paris participated. Mr. Keller was related to the different branches of the Keller family in this county, and was an honored, highly esteemed man.

Paris people who have called on him while he was at the height of his success in New York state that he was the very soul of courtesy, and delighted in entertaining them with stories of the Paris of his day. He always inquired about the people of Paris and Bourbon county, and said that the garden-spot of the world to him would always be Bourbon county, Kentucky.

"VICTORY POSTAGE STAMPS" NEXT ON PROGRAM.

Victory postage stamps, a new three-cent issue to commemorate the successful conclusion of the war, will be on sale shortly throughout the country. In announcing this issue the postoffice department said the supply would not be sufficiently large to replace the regular three-cent stamp, and postmasters would sell Victory stamps only on request.

The new stamp bears the figure of Liberty Victorious, helmeted and with a sword in one hand and scales in the other. The whole design appears upon a shaded panel, with American, British, French, Belgian and Italian flags draped from the background. In size it compares with other special stamps, and is wider and shorter than the ordinary stamp.
